

ACLS Certification Exam Q&A With Explanations

Current With the Latest Guidelines and Research

This book is specifically geared toward healthcare students and new healthcare professionals that are preparing to take the ACLS Advanced Cardiac Life Support Certification Exam for the first time. This book will also give the seasoned healthcare professional lots of great review information as well as a way to update themselves on the latest research and guidelines.

Whichever certifying agency's program that is being taken, either in a classroom or on the internet, this book will help everyone succeed in this course. This book provides all the essential information needed to successfully pass the certification course and exam.

Selling Points

- ACLS Certification Exam Q&A has multiple selling target audiences: all physicians, nurses, paramedics, EMT's, PA's, NP's, medical, dental, and nursing students
- The authors have created videos for every topic covered in this book, all available at [YouTube.com/MicheleKunz](https://www.youtube.com/MicheleKunz)
- 101 practice questions that cover every possible medical scenario and topic on the ACLS Certification Exam, with an explanation of every answer

Testimonial

"I learn new information each time I come to Michele's class. I like everything about her program because she teaches in a relaxed atmosphere. Each meeting with Michele is a learning experience. The Zombie Notes Study Charts were perfect, and the EKG videos on YouTube and this ACLS book are excellent."
Brenda Lee Passaretti, Long Island Jewish Hospital, Manhasset, NY

About the Authors

Michele G. Kunz, MSN, ANP, RN-BC, has been a clinical nursing educator, and an AHA Certified Instructor, for over 30 years. Michele has taught and certified over 30,000 healthcare professionals and students in ACLS, BLS, and PALS. Published author and conference speaker.

Joseph C. Kunz, Jr., MBA, is an AHA Certified BLS Instructor, and has been involved in teaching AHA certification classes for 30 years. He is also the creator of the Zombie Notes Study Charts, which have been used by thousands of healthcare professionals, students, and American military medical personnel.
